ANTI-NANKING PLOT SEEN IN CONFERENCE

Two Former Chinese Leaders Hold Parley

Shanghai, China, Jan. 12.—(AP)—Two leaders who a few months ago guided the destinies of the nationalist government, but who now are on the outside looking in at a writer of intrigue and revolt, met today for a conference to which neutral observers attached unusual significance.

They are Dr. T. V. Soong, former vice president of China, finance minister, and a dominant force in the Nationalist government, and Young Marshal Chiang Hsiao-ling, former governor of Manchuria and North China war lord.

Their meeting was considered important for both are known to be ardent admirers of Fascism. Another plot was forecast against Generalissimo Chiang Kai-shek, the "iron man" of the nationalist administration, by the anti-nationalist "People's Independent Government" in Fukien province.

In the background of recent developments in southeastern Fukien province, the breeding place of Chinese revolutions, several dove-tailing facts were pointed out:

1. The resignation of Dr. Soong as finance minister in October was said to carry a foreboding of civil war.
2. The Fukien rebellion started a few weeks later.
3. The Peking junta in a manifesto on Nov. 23 attacked Nanking, "Japanese imperialism," Soong, and Chiang Kai-shek.
4. Dr. Soong, in a new year's statement, declared that "the Chinese people hope that they, too, may get a new deal during 1934"—a reference to the American recovery program.
5. Marshal Chang returned from an 11-month European trip as the Peking rebellion was approaching a climax. His arrival in Shanghai was greeted as an important influence on developments in southern China.

Soong's resignation brought to a head a long-brewing revolt in southern China. Reliable reports at that time—verified by later developments—hailed the possibility that Li Chai-sum would be set up as governor of Fukien and that Chiang would then be attacked.

These reports also forecast that Dr. Soong would join the new Peking regime and that all parties subsequently would compete for the support of prominent politicians.

Meanwhile, the exact situation in Fukien, where Nanking and rebel troops have engaged in bitter fighting for the last two weeks, was clouded by conflicting reports.

The nationalists claimed they had isolated, after heavy bombardment of neighboring towns, the capital, Poochow, the seat of the insurgent movement.

Other reports, described as reliable, said that Nanking claims to have taken Kuitien and Shuichow, cities less than 100 miles from Poochow, were still in rebel hands. Nanking leaders announced last week that both had fallen into nationalist hands.

MOE ROSENBERG DIES SUDDENLY IN HOSPITAL

Prominent Chicago Politician Ill Short Time

Chicago, Jan. 12.—(AP)—Moe Rosenberg, 44, Democratic ward leader and wealthy junk dealer who was under indictment for alleged evasion of \$64,316 in federal income taxes, died suddenly in the Francis Willard hospital at 3:50 p. m. today.

Rosenberg was rushed to the hospital late New Year's day and an emergency operation for appendicitis was performed. Apparently he was recovering from the effects of the operation, doctors said.

Physicians said that pulmonary embolism caused the death of the politician whose trial, scheduled Jan. 3, was postponed because of his illness.

Compromise Fails.

Indictments were returned in federal court against Rosenberg last April. He recently made an unsuccessful attempt with authorities at Washington to avoid trial by a compromise settlement of the taxes.

The government alleged that during 1929 Rosenberg's income as head of the Rosenberg Iron and Metal Works was \$316,815 on which he would have owed \$54,846 taxes. The indictment said he filed an income of \$31,377 and made deduction of \$37,368. In 1930, the government charged, Rosenberg's income was \$106,562 on which he paid \$4,740. In that year he filed an income of \$24,050 and made deductions of \$22,615. "From other sources," the government claimed, he had an income of \$190,709.

Rosenberg, practically unknown politically until 1928, assumed the leadership of the 24th ward when his brother, Michael, then ward leader, died. Within five years he attained a position of prominence in local political affairs and earned the reputation of being one of the most powerful leaders in the city.

The income tax trouble was the first difficulty Rosenberg has had with authorities. He served 20 months in Leavenworth penitentiary for conspiracy to steal from an interstate freight shipment, and criminal court records said he once pleaded guilty to arson although final disposition of the case was not shown.

Rosenberg is survived by his widow, Annette, and two sons, Leonard, 21, senior at the University of Michigan, and Norman, 18, Rosenberg was alone with his nurse when he died. Members of the family were in another part of the hospital.

In former Mayor Rosenberg's death, United States District Attorney Dwight Green, who prosecuted the income tax case successfully against Al Capone and who obtained the indictments against Rosenberg, withheld comment. In similar cases, however, the government has dismissed criminal proceedings and filed civil actions against estates.

NEW LIQUOR TAX LAW BRINGS IN MUCH REVENUE

\$645,000 Flows Into Treasury First Day, Claim

Washington, Jan. 12.—(AP)—The new liquor tax completed its first day of operation with an imposing revenue that was estimated at upward of \$645,000.

The bureau of internal revenue tonight announced that distilled spirits and wine revenues for December, aside from those from Nevada and Hawaii totaled \$1,478,770.36 under the schedule called for imposts of revenue that was estimated at upward of \$645,000.

The new tax law, the first piece of legislation of the present congressional session, signed late last night by President Roosevelt, boosted the impost to 52 cents for officials to calculate that the revenue for January would amount to at least \$20,000,000, making the daily income around \$645,000 under normal conditions. This was based on the assumption of a continuance of the same rate of consumption.

Joint relaxation of import restrictions for 30 days by the treasury, agriculture and alcohol control administrations this week for the purpose of lowering prices and battling the bootlegger would tend to make the income even higher.

Under the new law, wine taxes were set at 10, 20 and 40 cents a gallon according to alcoholic content. The old schedule called for imposts of four, ten and 25 cents a gallon.

The alcohol control administration will ask members of the liquor industries to furnish data concerning costs and receipts shortly in an effort to prevent profiteering. Administrator Joseph H. Choate, Jr., said the administration would begin with the distillers and go through the rest of the industries.

"The distillers are the best organized and we can get information from them easily," he said. He disclosed that there were only one million gallons of aged whiskey in this country and aged newspapers were not "to scare the people to death against blends."

"If you do that you will only drive the business to the bootlegger," he admonished.

The administrator said he had received pledges of general cooperation from 21 governors of wet states to whom he wired last week for information concerning unwholesome and adulterated liquor that could be traced back from the retailer to the wholesaler and the manufacturer.

He added that he had received no evidence of such sales.

The administrator predicted that liberalization of restrictions on imports of molasses alcohol and neutral spirits other than those from grain would result in an improvement in the quality of blended liquors.

EXPENDITURES OF CWA, PWA CAUSE DEBATE

Demand On House For Investigation Is Threatened

By Donald Cameron Associated Press Staff Writer.

Washington, Jan. 12.—(AP)—A demand on the house floor for an investigation of civil and public works expenditures was threatened today by Representative Gifford (R-Mass.) after Chairman Cochran refused to call a meeting of the expenditures committee to consider a request for the inquiry.

Gifford's statement brought a heated retort from Cochran that:

"When he gives us some facts on which to make an investigation he'll have one."

The Massachusetts representative, ranking Republican member of the expenditures committee, announced recently he would ask the committee to summon heads of emergency recovery organizations to "give a full explanation of these extraordinary expenditures" of the civil works administration.

Since then, he said today, he twice asked Chairman Cochran to call a meeting of the committee but was refused. He said he was determined to press for the inquiry "in view of the widespread criticism from all quarters against the civil works and other emergency administration."

Cochran replied that Gifford "is not going to get a show at my expense."

"When Gifford asked for a hearing, I asked what facts he had to show fraud any place. He said he had none. When he puts his cards on the table—gives us some facts on which to make an investigation, he'll have one."

If a newspaperman, a congressman, a civilian or anybody else has anything specific and definite to complain about, I'll be glad to hear it. All he's got to do is show me some real information—not just hearsay, but evidence—and the expenditures committee will summon Harry Hopkins or any other official involved."

Gifford asserted he had no desire to seek evidence or corruption, but did wish a study made of the principles by which the CWA funds were expended.

Trial of Dr. Alice Wynekoop Will Open in Chicago Court On Monday; Jury is Selected

Criminal Courts Building, Chicago, Jan. 12.—(AP)—A jury of craftsmen and clerks, salesmen and CWA workers, was selected today to decide whether Dr. Alice L. Wynekoop killed her daughter-in-law, Rheta, and if so what the penalty should be.

The jurors immediately were locked up for the week-end. Dr. Wynekoop, frail and heavily burdened by her 62 years, was carried back to the county jail infirmary to wait until 10 a. m. Monday before again facing the 12 men who have power to forfeit her life.

The jury had been completed in a day and a half of court, and attorneys predicted there would be two weeks of testimony, climaxed by the appearance of the gaunt, shrewd defendant herself on the witness stand.

"Oh, I hope not; I'm so tired and ill," Dr. Alice, called "mother" by all who know her in the court, said when informed the case might last until the end of the month.

The defense planned a surprise coup near the end of the trial was predicted freely today as attorneys and members of the family maintained an enigmatic silence about the whereabouts of Earle, widower of the slain, 23 year old Rheta.

It was hinted Earle might be brought into the courtroom and placed on the witness stand by the defense, to be followed immediately by his mother.

Defense attorney W. W. Smith said today Dr. Wynekoop would testify. As much had been indicated when, in qualification of the jurors, the defense did not ask Judge Joseph B. David to caution the veniremen that they must not be influenced by Dr. Alice failed to testify.

As to the whereabouts of Earle, Walker Wynekoop, the doctor's other son, replied "wouldn't you like to know," when asked today if the defense was keeping him hidden.

He said "maybe," when asked if Earle would testify, and added that he understood several police squads were hunting for the young widower, supposedly at the behest of the prosecution. Assistant state's attorney Charles Dougherty said, however, the state did not want Earle.

All spectators were barred today from the fifth floor of the Criminal Courts Building, following wild disorders in a crowd of 2,000 or more on the first day of the trial. Many women had arrived at the building at 7 A. M. today, but were turned away.

Judge David indicated, however, that spectators excluding the public for the remainder of the trial might be relaxed with the beginning of testimony.

Although she complained of illness and fatigue, Dr. Alice appeared stronger today than at the opening of the trial. She sat straight in her chair and needed less assistance in walking to Judge David's chambers, thence to be carried through a tunnel to the adjacent jail.

Seated beside her during all of today's session was her daughter, Catherine, a physician and specialist in children's diseases. Frequently the elderly defendant smiled sympathetically at Catherine's counsel.

The jury, Arlene J. Bennett, 39, sales manager for a sporting goods concern; Edwin J. Healy, 41, bookkeeper; Charles W. Schmidtke, 23, unemployed draftsman; Arnold Machell, 41, paint salesman; Charles Grair, 36, night watchman employed by the CWA; Fred Marsh, 37, photo engraver; Austin C. Flint, a mechanic; David Goldstein, 40, salesman; Sam A. Dempsey, 41, assistant manager of a factory; Patrick Malloy, street car motorman; William Walsh, 61, retired printer, and Thomas Fleming, 60, electrician employed by the CWA and formerly by the World's Fair.

AUTO BUILDERS SUPPORT VIEWS OF EDESEL FORD

Business Looks "Very Good"

By David J. Wilkie Associated Press Staff Writer

Copyright, 1934, by The Associated Press

Detroit, Jan. 12.—(AP)—The statement of Edsel Ford in Washington today that business conditions at present "look very, very good," is shared by many other leaders of the automobile industry, who believe the combination of increased purchases of power, improved general conditions and an accumulated replacement demand is beginning to be felt in growing degree.

Mr. Ford, in his statement, given after he had concluded his testimony before the Senate banking committee, said that his company expects a 75 per cent pickup over 1933. This is the general hope of the motor car industry.

Produce Many Cars.

Last year the industry produced in the United States and Canada 2,101,000 passenger cars and trucks. As in 1932 and 1931 the bulk of this output was for what has been termed absolutely necessary replacement. In the belief that demand, other than replacement for indispensable vehicles, will enter the market in considerable volume, many of the industry's heads expect 1934 production to top 3,500,000 units.

In this connection a recent statement by Alvan Macauley, president of the National Automobile Chamber of Commerce, is regarded in trade circles as of particular significance. "If the automobile industry were called upon now to replace all of America's worn-out cars," he said, "it would have to work day and night for two years to do the job."

Mr. Ford's statement that under the NRA the additional workers created would "help purchasing power," agrees in general with the views of many of the motor car manufacturers. The statement was regarded as particularly significant because the Ford company, of which Edsel Ford is president, is the only unit of the industry which has not signed the automotive code, although complying with its terms.

Contributing to the optimistic viewpoint held by most motor car manufacturers is the public reaction to new models just introduced at the National Automobile Show in New York, heavy commitments by dealer organizations and the fact that the industry gets into 1934 with practically no left-over stock.

A sharp stepping up of production already has begun, after a slow start, due largely to the day in plant retooling operations resulting from the tool and die makers' strike of last fall. Fifteen companies have increased the output of their assembly lines this week and three more companies whose assembly divisions have been inactive have swung into production of their new types. Currently only five companies have idle assembly lines.

M. CHAUTEPS IS GIVEN VOTE OF CONFIDENCE

Premier Pledges To Clean Up Pawnshop Scandal

Paris, Jan. 12.—(AP)—The chamber of deputies tonight gave Premier Camille Chautemps a smashing vote of confidence, 360 against 229, on his pledge to clean up the \$400,000 Bayonne pawnshop scandal which has shaken France to the roots.

The vote came on the government's opposition to the creation of a parliamentary commission to investigate the collapse of the institution, the death of its founder, Serge Stavisky, and the part several deputies have accused high officials of taking in the affair.

The premier insisted that such a commission would not get to the bottom of the second vote.

A second expression of confidence, 276 against 205, was given on a resolution of faith in M. Chautemps promises to investigate the scandal "personally" and "sparing no name."

The latter resolution was offered by former Premier Edouard Herriot.

Threats of a dictatorship profoundly stirred the chamber of deputies, which was in a virtual state of siege while several thousand foot and mounted police, behind barbed wire, awaited further attacks by royalists.

The premier himself warned that the royalist riots on Tuesday and yesterday over the \$400,000 pawnshop scandal and the death of its founder, Serge Stavisky, pointed to a threatened coup d'etat to establish a "dictatorship."

Thousands of troops were in readiness for action in Paris to put down any serious disorders.

The chamber was unexpectedly adjourned this afternoon by its president in the midst of boos, desk-banging and shouts that followed the declarations of Deputy Jean Yvonne-gary that "unless the country were cleaned up quickly" it faced a dictatorship and that "the police assassinated" Stavisky to protect officials alleged to have had a part in the pawnshop failure.

THIRTEEN MEN ARE SENTENCED

East St. Louis, Ill., Jan. 12.—(AP)—Thirteen men were either given jail sentences or placed on probation on charges of theft from interstate coal shipments, in federal court here today.

Assistant U. S. Attorney William Ingram said the men were taken by railroad agents that coal stealing in Southern Illinois cost railroads \$7,000 in the month of December.

Those pleading guilty and their sentences were: Delbert Wicker, 27, 30 days; Charles Gardner, 20, 90 days; Sam Winstone, 21, 90 days; Thomas Gardner, 20, 30 days; Cecil Thompson, 26, 30 days; all of West Frankfort; Rennie Cox, 39, 90 days; Claude Cox, 39, 60 days; Vernon Cox, 21, 60 days; Elijah Green, 43, 60 days; and Lester Murray, 19, 60 days, all of Weaver.

J. D. Green, 16, of Weaver, Clyde Stephens, 24, Percy and Edw. Nevill, 16, St. John, were placed on probation for two years, as were all those given jail sentences.

ELECTED CHAIRMAN

Chicago, Jan. 12.—(AP)—Gen. Thomas S. Hammond, president of the Willing Corporation at Harvey and recently an NRA executive at Washington, was elected chairman of the advisory board of the Illinois Manufacturers association today.

Other members elected to the board were: Paul F. Beich, Bloomington; William Butterworth, Moline; E. C. Heidrich, Jr., Peoria, and seven Chicagoans.

CLAIMS NRA WILL GET REAL TEST

St. Louis, Jan. 12.—(AP)—William H. Davis, National Compliance Director of the N. R. A. said today the real test of the "New Deal" will come "when industry next runs into a period of danger, whether it is another period of expansion or another period of depression."

Speaking before the St. Louis NRA committee, Davis said that "heretofore, on such occasions the danger signals have been out, and people have talked about them, but did nothing about them."

"If, when the danger signals next go out, American industry is sufficiently well organized under its codes to heed the signals and do something about them, then the success of the National Recovery program will be fully demonstrated."

PUBLIC UTILITY CODE ASSAILED BY HENRY HUNT

Private Power Group Denounced By Ickes Spokesman

By James Cope Associated Press Staff Writer

Washington, Jan. 12.—(AP)—A denunciation of the private power industry and its ruling elements for "unsocial conduct" and "nefarious practices" was given to the recovery administration tonight by a spokesman for Secretary Ickes, who joined the federal power commission in challenging the right of the administration to entertain codes for public utilities.

The verbal castigation directed expressly at the Edison Electric Institute, proponent of the power code, and successor to what was called "The Malodorous National Electric Light Association," was delivered by Henry B. Hunt, on behalf of Ickes, at a public hearing on the electric pact.

So vehemently did he phrase it that John E. Zimmerman, president of United Gas Improvement Company of Philadelphia, asked the chairman to stop him. This was not done, however, since Hunt was a public representative. He insisted his statements were "factual and borne out by the record of the federal trade commission power investigation."

Both Hunt and Frank McNinch, chairman of the power commission, assailed many provisions of the code as either intentional attempts or unguarded opportunities for the institute to seize much of the regulatory power over the industry now held by the United States and the several states, and designed to weaken the government-owned municipally-operated power properties.

Their chief contention, however, was that the industrial act authorized codes only for non-monopolistic industries; that public utilities were rightly monopolistic in character, and that therefore the only thing the administration should do was obtain an agreement to improve hours and wages of the power code author. Representatives Kvale and Lundeen, both Farmer-Labor members from Minnesota, joined in the attack on the code. Kvale presenting a telegram from the mayor of Rochester, Minn., denouncing the pact.

A further onslaught was made by spokesmen for workers of the New York Edison Company, who charged that concern with creating a company union to suppress collective bargaining, and asked for administration protection.

The code had been presented this morning by Preston S. Arkwright, an Atlanta, Ga., utility man, who is chairman of the Edison Institute code committee.

He and others explained the code in detail and defended its provisions. Outstanding clauses were: That publicly-owned plants be given opportunity to join the code voluntarily, and that wherever such a company or any other competitor failed to adopt code terms, the competing private company could drop them.

That a national survey looking to a ten-year plan of rationalizing the industry be made jointly by private and public interests under the code.

That "public interest" requires sale of electric appliances by utility companies, and that the power code authority have a degree of joint supervision over trade practices in this with the retail code authority.

All three were assailed vigorously. McNinch said the phrasing of the code was such as actually to attempt to compel the public-owned utilities to come under the code and submit them to regulation by a code authority so constituted as to be wholly in the control of the large holding companies which hold a majority of the places on the board of the Edison Institute.

He said the purpose was obviously "to check the development of public enterprises and nullify the administrative plan of establishing yardsticks to measure the fairness of utility rates and services and extending the benefits of electrification to rural areas."

Day in Washington

By The Associated Press.

At the White House it was said President Roosevelt was convinced he has ample power to take over federal reserve.

The \$500,000,000 liquor tax bill went into effect.

Senator investigators were told of a White House command against "any more bank failures" during the Hoover administration.

Full government guarantee of farm loan bonds was approved by the House agriculture committee.

Federal regulation of interstate bus and truck lines was proposed in a House bill approved by the president.

Edsel Ford said in an interview that business conditions look "very, very good."

President Roosevelt began a study of the NRA enforcement problem.

The RFC granted a \$3,000,000 loan to release deposits in Detroit's Guardian National Bank.

Representative Gifford (R. Mass.) threatened a demand in the House for an investigation of civil and public works.

The code had been presented this morning by Preston S. Arkwright, an Atlanta, Ga., utility man, who is chairman of the Edison Institute code committee.

He and others explained the code in detail and defended its provisions. Outstanding clauses were: That publicly-owned plants be given opportunity to join the code voluntarily, and that wherever such a company or any other competitor failed to adopt code terms, the competing private company could drop them.

That a national survey looking to a ten-year plan of rationalizing the industry be made jointly by private and public interests under the code.

That "public interest" requires sale of electric appliances by utility companies, and that the power code authority have a degree of joint supervision over trade practices in this with the retail code authority.

All three were assailed vigorously. McNinch said the phrasing of the code was such as actually to attempt to compel the public-owned utilities to come under the code and submit them to regulation by a code authority so constituted as to be wholly in the control of the large holding companies which hold a majority of the places on the board of the Edison Institute.

He said the purpose was obviously "to check the development of public enterprises and nullify the administrative plan of establishing yardsticks to measure the fairness of utility rates and services and extending the benefits of electrification to rural areas."

Day in Washington

AUTO BUILDERS SUPPORT VIEWS OF EDESEL FORD

Business Looks "Very Good"

By David J. Wilkie Associated Press Staff Writer

Copyright, 1934, by The Associated Press

Detroit, Jan. 12.—(AP)—The statement of Edsel Ford in Washington today that business conditions at present "look very, very good," is shared by many other leaders of the automobile industry, who believe the combination of increased purchases of power, improved general conditions and an accumulated replacement demand is beginning to be felt in growing degree.

Mr. Ford, in his statement, given after he had concluded his testimony before the Senate banking committee, said that his company expects a 75 per cent pickup over 1933. This is the general hope of the motor car industry.

Produce Many Cars.

Last year the industry produced in the United States and Canada 2,101,000 passenger cars and trucks. As in 1932 and 1931 the bulk of this output was for what has been termed absolutely necessary replacement. In the belief that demand, other than replacement for indispensable vehicles, will enter the market in considerable volume, many of the industry's heads expect 1934 production to top 3,500,000 units.

In this connection a recent statement by Alvan Macauley, president of the National Automobile Chamber of Commerce, is regarded in trade circles as of particular significance. "If the automobile industry were called upon now to replace all of America's worn-out cars," he said, "it would have to work day and night for two years to do the job."

Mr. Ford's statement that under the NRA the additional workers created would "help purchasing power," agrees in general with the views of many of the motor car manufacturers. The statement was regarded as particularly significant because the Ford company, of which Edsel Ford is president, is the only unit of the industry which has not signed the automotive code, although complying with its terms.

Contributing to the optimistic viewpoint held by most motor car manufacturers is the public reaction to new models just introduced at the National Automobile Show in New York, heavy commitments by dealer organizations and the fact that the industry gets into 1934 with practically no left-over stock.

A sharp stepping up of production already has begun, after a slow start, due largely to the day in plant retooling operations resulting from the tool and die makers' strike of last fall. Fifteen companies have increased the output of their assembly lines this week and three more companies whose assembly divisions have been inactive have swung into production of their new types. Currently only five companies have idle assembly lines.

M. CHAUTEPS IS GIVEN VOTE OF CONFIDENCE

Premier Pledges To Clean Up Pawnshop Scandal

Paris, Jan. 12.—(AP)—The chamber of deputies tonight gave Premier Camille Chautemps a smashing vote of confidence, 360 against 229, on his pledge to clean up the \$400,000 Bayonne pawnshop scandal which has shaken France to the roots.

The vote came on the government's opposition to the creation of a parliamentary commission to investigate the collapse of the institution, the death of its founder, Serge Stavisky, and the part several deputies have accused high officials of taking in the affair.

The premier insisted that such a commission would not get to the bottom of the second vote.

A second expression of confidence, 276 against 205, was given on a resolution of faith in M. Chautemps promises to investigate the scandal "personally" and "sparing no name."

The latter resolution was offered by former Premier Edouard Herriot.

Threats of a dictatorship profoundly stirred the chamber of deputies, which was in

Junior Red Cross

When 200 volumes in braille were added recently to the library at the School for the Blind, it was a practical demonstration of the work of the Junior Red Cross in Illinois. The books were supplied thru activity of school children thruout the state who are affiliated with this organization and who are learning the true meaning of friendship and service to others.

The Junior Red Cross began in Canada and the United States during the war, and is now an active force in the schools of more than forty countries. It is not a method of education, but it is a free spirit which quickens the life of the whole school in which it is organized. The Junior Red Cross seeks "to promote health, to develop the altruistic tendencies in children, to give practice in good citizenship, and to promote international friendliness among the children of the world."

It is not a course added to the school curriculum, but provides an altruistic object for regular classroom work. Children in English classes write letters to foreign children; manual training students make gifts for inmates of veterans' hospitals; children's homes; and public state greeting cards for the same institutions. Clean up campaigns make for good citizenship, and health is promoted thru inculcation of good health habits.

The popularity of Junior Red Cross is growing in the schools. "Do not put it in, but let it come in," one school superintendent says. "The spirit of it spreads wherever it is introduced. Rural schools, where the organized activities do not usually include those it promotes, give it a special welcome."

Thus far Morgan county schools have not adopted Junior Red Cross. Many feel it would be of great aid. It is hoped some way may be found to introduce it into the schools here. This year it is being considered at the School for the Deaf, and it is popular in other similar state institutions thruout the country.

Certainly any program which will aid the cause of international peace and build up friendliness among the youth of the world is worth while. Also there cannot be too much cultivation anywhere of the spirit of altruism.

Crows Multiply

Reports come from Brownfield in southern Illinois that crows are unusually thick there this season. When the birds alight in the bottom lands, the ground is black with them. Hundreds of acres. They have come too late to do any immediate damage; but farmers are worried over what may happen to the corn when they plant it in the spring, if the crows stay.

The influx of crows is said to be due to the drought in other sections, which has caused a scarcity of grain. The crows have come to a section which was blessed with rain last summer and where some grain is still on the ground in the fields. The crows live on whatever they can pick up after the harvest has been gathered.

More than a quarter century ago some Illinois counties paid a bounty on crows, and farmers killed them for the reward and to prevent their foraging. The crow is a predatory bird, and when he multiplies too rapidly must be exterminated. It is hoped the crows in southern Illinois will drift this way, as Morgan county farmers want good crops next season.

Will's Not Kidding

Will Rogers, the gentleman who appeared in Jacksonville last week under the guise of "Mr. Skitch," and who writes his daily piece for this newspaper, makes a business of kidding public officials. From the President on down, Rogers takes no prisoners in his immitable way, turning serious matters into jests and making life merrier with his quips. He is satisfied with this arrangement, and doesn't want the tables turned. Will is determined that he will not be a gubernatorial candidate in California, and has said so. He wasn't kidding when he declared that he doesn't want to mix up in politics from the other side.

"I'm not a candidate for anything," Mr. Rogers explained. "After raving these fellows for so many years, I'm satisfied to remain fairly free to go where I please, when I please."

Admirers of Rogers have always said that he has plenty of common sense. Certainly he has displayed it on this occasion. Will knows that kidding can be carried too far, and he is not going to kid himself into a job where the kidding might be reversed.

There is no doubt that Rogers' keen wit would get him out of many a tough spot in the Governor's chair. With his broad grin and twirling lariat he might sway an unfriendly legislature into doing his bidding. Campaigning, too, would be simplified. He could release a batch of his latest pictures and let them do the work of a battery of orators. But Will's wise and knows that comedians are more popular on the stage and in the movies than in public offices. So he will go on jesting the mighty, making movies and adding to his reputation as America's greatest living humorist. He would rather be a good actor than to risk the chance of being a poor Governor.

A Terrible Penalty

Unemployment is bad enough, without added penalties. It is discouraging to all persons who hope for better times, and far more to those without employment, to read certain advertisements in classified sections of some of the metropolitan newspapers. We will not consider applicants for this position who have been unemployed for more than 60 days, some of these advertisements state. That makes the readers wonder. Do some employers consider unemployment a crime? Do they expect to penalize men and women for idleness that fate thrust upon them?

It is apparent that they do not want men and women who have the lines of worry written on their faces. They do not want employees who have been caught in the maelstrom of depression and buffeted about until it shows. That, and we can think of no other reason, is why some large companies are so particular about how long applicants have been at leisure.

If such an attitude prevailed generally, the effects of depression would be much longer in disappearing. If such a rule were to be followed by all concerns, several million persons would be barred from ever getting another job. Penalizing the unemployed will never bring back good times.

It is to be hoped that this policy of considering new workers will disappear as rapidly as it has appeared. Let the employment executives judge men and women as they are, by their ability, willingness, future possibilities rather than by the length of time they have been on the sidelines.

Reward is Due

Most Americans will agree that there is substantial justice in the plan to grant Finland a material reduction in its debt to the United States.

Finland, in case you have forgotten, is the one European nation which has been paying its debt to this country punctually and fully. Finland is a small nation and a poor one; but while such great powers as France and England have found their debt payments too irksome to meet, Finland has paid one hundred cents of the dollar whenever a note fell due.

Now the State Department is negotiating with the Finnish government for a substantial reduction in the debt. Congress will have to approve any such settlement, of course, to make it binding; but there is little doubt that Congress will do it without delay. A European debtor that actually pays its debts in a rare enough phenomenon to deserve special treatment.

BARBS

Congress has legalized drinking in the District of Columbia, and now our representatives can get down to work with a 100-proof conscience.

Billy Sunday is back in New York to save the city, although the people elected LaGuardia to do that.

Middle West grocer advertises, "Fresh Eggs, Delicately Mild in Flavor." That's a concession to public speakers.

Here's hope for the school teachers—chorus girls are getting higher pay.

WILL ROGERS says:

To the Editor of The Journal-Courier

Riverside, Calif., Jan. 12.—The senate passed a bill that we can only buy drinks from those who pay us. That had everything rushing to the statistics to see how Scotland stood. I don't know what Finland's national drink is, but we better be getting used to it, for they are the only ones that have really paid in full. What ever it is, you can certainly run on it. I guess it's a "Nurmi punch." Well, I bet this scheme goes just like all the rest have, they have tried everything in the world to bring France to time. France is a nation that don't shame easy. Speaker Pictures Life of Arabians

Dr. Paul N. Anderson, member of the faculty of MacMurray College gave an interesting talk on Arabia, at the weekly meeting of the Rotary club Friday. Dr. Anderson spent some time in Arabia, being on the faculty of the American University at Beirut.

Dr. Anderson stated that students from 37 nations attended the Beirut school, twenty five of the students being from the United States. All the teaching was in English, with American and English instructors. The text books used were published in the United States or Great Britain. Many students from the United States were enrolled in the medical school at Beirut.

Dr. Anderson gave an interesting story of a visit he made to one of the desert camps, being the guests of one of the students. The student's father was sheik of one of the tribes. Clint Corrington of New Berlin was a guest of the club.

Mrs. Jos. Hughes of Jerseyville Dies; Funeral Saturday

Jerseyville, Jan. 12 — Mrs. Lenora Hughes, wife of Joseph A. Hughes of this city, died at her home on High street Wednesday afternoon, January 10th, at 2:55 o'clock, at the age of sixty-nine.

The deceased was born in Alton on November 19, 1864, the daughter of Charles and Mary Forbes Smith, but has lived in Jerseyville all during her married life, a period of fifty-two years.

Mrs. Hughes was survived by her husband, Joseph A. Hughes, of Jerseyville; two daughters, Mrs. A. C. Aubert and Mrs. Clara Mathews, of Detroit, Mich.; one son Walter Hughes of Detroit; seven grandchildren, Clarence, Margaret and Robert Hughes and Mrs. Adelia Murray, of Jerseyville; Henry, Elmore and Gerald Aubert, of Detroit, Mich., and two nephews.

Funeral services will be held from the home of Jacoby Brothers Funeral Chapel Saturday afternoon, January 13th at two o'clock. Rev. H. S. Parrill will officiate and interment will be in Oak Grove cemetery.

Honor Recent Bride
Mrs. Charles McGee, a recent bride, was guest of honor at a kitchen shower given Tuesday evening by Mrs. W. J. Creamer at her home on West Spruce street. The guests included the women members of the Jersey Township High school faculty and a few others.

During the evening, three tables were occupied at bridge and favors were won by Mrs. Fred Shell of Hardin, Miss Dorothy Graham and Mrs. Flo B. Daniels.

The honoree was the recipient of many useful kitchen utensils for her home. Mr. and Mrs. McGee were married last summer and came to Jerseyville where Mrs. McGee is assistant principal and science instructor at the Jersey Township high school.

Building and Loan Progress
The Jerseyville Building, Loan and Homestead Association has just issued its semi-annual statement of the report is most gratifying, showing the concern to be in excellent condition.

According to the report the total assets of the organization is \$230,461.94. These are divided in the following manner: Loans on real estate \$191,250; loans on stock pledged \$6,000; installments on stock due and unpaid \$3,437; interest and premium accrued and unpaid \$3,402.20; real estate \$4,503.22; real estate sold on contract \$5,610.83; Master's certificates \$7,425.14; taxes advanced \$372.33; pass books \$48.00; insurance \$40.50; bills receivable \$131.55; furniture and fixtures \$93.60; treasurer \$8,143.57.

Listed among the liabilities is the large sum of ten cents due the Secretary. Other liabilities are as follows: Dues \$171,877; installments on stock due and unpaid \$3,437; contingent fund \$4,200; profits (divided) \$45,518.40; profits (undivided) \$2,878.44; profits reserved account for interest and premium accrued and unpaid over six months \$1,153.

The auditing committee making the report consisted of W. A. Leigh, R. M. Warner and L. K. Jacoby. **Elect Insurance Officers**
The Jerseyville Mutual County Fire Insurance Company elected officers for the coming year at the annual organization meeting of the group held Tuesday evening at the Farm Bureau office in Jerseyville. Ira Cottingham was re-elected to the position of President of the group. Joseph Schmieder was named Vice-President to succeed C. E. Lock and the other officers were returned to office as follows: Mrs. Mary Walsh Jacoby, Secretary; Directors, W. F. Rowden, George W. Ruyle, F. H. Schoreder, J. R. Pulker, Joseph Schmieder, H. W. Smock, Richard Carney, Edward Lock and Ira Cottingham.

The report of the Secretary showed a substantial increase in the volume of business for the company during the year 1933.

Former Telephone Employee is Dead

Virginia, Jan. 12 — Orris William Potter, for a number of years an employee of the Cass County Telephone Company, died at 8 o'clock last night at his home here. He retired from active work some time ago.

Mr. Potter was born April 7, 1864. He is survived by two sisters, Mary Potter at home and Louisa Potter, of Los Angeles, Calif.

The funeral will be held Saturday morning at 10:30 o'clock at the residence, Rev. J. C. Shull, of the Presbyterian church in charge. Music will be furnished by Mrs. Louise Montgomery. Interment will be made in Walnut Ridge cemetery.

Death of Mrs. Campbell
Mrs. Margaret T. Campbell passed away last night at her home here. She was a daughter of Robert and Jeanette Cunningham Taylor, and was born Dec. 26, 1852.

Her husband preceded her in death. She leaves one son, Howard Campbell of this city; three brothers, Arch Taylor, Duncan Taylor and R. C. Taylor; one sister, Mrs. Jennie Sudbrink, and a granddaughter, Vivian Campbell.

Funeral services have been announced for Sunday afternoon at 2 o'clock at the residence of Howard Campbell. Rev. J. C. Shull and Rev. J. W. Armstrong will officiate. Interment will be made in Walnut Ridge cemetery.

County's Finances For Past Year Reviewed In Statement By Auditors

The annual audit of the books of the various Morgan county officers has been completed by the firm of Bishop & Estes of Springfield, and the results presented to the county board of commissioners. The figures compiled by the accountants show where Morgan county obtains its revenue, where the money is spent, and other information.

Clifford E. Estes prepared a summarized statement in connection with the more voluminous report. Believing that this statement will be of interest to citizens of the county, the commissioners have authorized its publication.

The statement follows:
Springfield, Illinois, January 10, 1934.
To the Board of County Commissioners,
Morgan County, Illinois.
Gentlemen:

We have just completed the annual audit of the books of the various county officers of Morgan county for the year ended December 3, 1933.

The phases of taxation and county government are so manifold in number, and intricate in character, that it requires a county official to spend years to become thoroughly familiar with the routine work of his office and the laws relating thereto, and many of the laws are undergoing changes constantly by the acts of the Legislature.

In view of this situation, we have attempted to write an article which we hope will be illuminating, to some extent at least, relative to the financial operations of Morgan county. We have made general statements and avoided wearisome details as much as possible. Our discussion has dealt with the major topics as outlined below.

Taxes

The county clerk receives fees of approximately one-fourth of one per cent on the total taxes collected for extending the taxes, and such fees are added to the other revenue of his office, and after his expenses are paid, the excess revenue is turned over to the county general fund. Below is a table showing the total taxes paid by the county for the past seven years, and the net amount (after deducting the fees of the county clerk and sheriff and ex-officio tax collector) which was paid into the general fund:

Year ended	Total	Amt. paid
December		for
1927	\$1,118,139.72	\$123,854.09
1928	1,136,163.92	117,850.81
1929	1,106,171.13	113,911.46
1930	1,144,986.62	117,735.55
1931	1,121,606.61	114,920.70
1932	1,008,178.74	98,256.07
1933	900,033.37	78,363.16

The foregoing table discloses that during the past six years, the total taxes paid in the county, decreased 19.51%, while during the same time, the amount of taxes received by the general fund decreased 36.71%. This means that the taxes for running Morgan county have decreased almost twice as fast as the taxes for all other purposes. The taxes for all other purposes include state county highway, tuberculosis sanitarium, cities and villages, schools, roads and dog taxes.

The net revenue from taxes for the year ended December 3, 1933 was distributed as follows:

Revenue and Expenses of the County for the Year Ended Dec. 3, 1933	
Total	100.00%
State	38.33%
County	17.89%
Cities and villages	16.91%
Roads	10.29%
County	8.91%
County highway	4.44%
Tuberculosis sanitarium	3.16%
Dog tax07%
Excess expenses	7.217.77
In our report dated October 30, 1933, which covered the operations of the county for the year from September 1, 1932 to August 31, 1933, we showed the total revenue at \$128,546.76, and expenses at \$157,077.59, leaving excess expenses of \$28,530.83.	
The year ended Dec. 3, 1933 shows an improvement of \$21,313.06 over the year ended Aug. 31, 1933. This improvement is accounted for as follows:	
Taxes collected in excess of our estimate Aug. 31, 1933: \$ 4,400.53	
Fees from collector on total taxes collected in excess of our estimate Aug. 31, '33	1,368.96
Savings due to the action of the county commissioners eliminating blind pensions as of July 1, '33 (such action taken subsequent to our report of Oct. 30, '33)	5,952.50
Savings in elections (the general election of November 1932 accounts for much of this)	4,169.81
Decrease in hospital claims between the two periods.	3,080.02
Balance is due to various items	2,341.24
Total	\$21,313.06

Charity
While taxable revenue to the county general fund was declining, charity was increasing by leaps and

Dramatic Club to Bring Actor Here

On Saturday evening, January 20th, at 8:15 o'clock, the Dramatic club of MacMurray College will sponsor the appearance of Robert Dunmore in the title role of the play "The Emperor Jones" by Eugene O'Neill.

Robert Dunmore is a young colored man of exceptional dramatic ability. He was graduated two years ago from Northwestern School of Speech, where he was greatly respected by faculty and students.

His playing of "Brutus Jones" at Northwestern, brought him the enthusiastic recognition of the Chicago dramatic critics and this led to an engagement this year at the Chicago University in their production of the play. He also returned to take the lead in this season's performance at Northwestern.

O'Neill is considered the greatest of American dramatists abroad as well as in the States, and this play dealing with the power of fear in the life of man, has been one of the most popular of all his dramas.

The Dramatic club will greatly appreciate the support of the community.

Tickets can be procured at Browns' Music Store and Long's Pharmacy.

To Name Directors of County Fair at C. of C. Sat. Jan. 13

The annual election of members of the board of directors of the Morgan County Breeders Fair Association will be held at the office of the secretary in the Chamber of Commerce Saturday afternoon, Jan. 13, between the hours of 2 and 5 o'clock. A ballot containing 75 names of those believed most interested in the fair has been prepared by a nominating committee consisting of Clifton Davis, J. W. Merrigan, I. E. Parett and Max Tschander.

Anyone interested in the fair is entitled to vote and is invited to come to the office on the date and at the time set and cast a ballot, which may be secured from the secretary. From the 75 names listed, fifty will be elected to membership on the board. Soon after the election the new board will meet and organize. Those voting will place a cross after each of the fifty names of those they wish to be on the board.

Following is the list of nominees whose names will appear on the ballot:

C. O. Anderson, F. J. Andrews, A. D. Arnold, James Arnold, J. W. Arnold, Charles A. Ator, Erwin C. Audenken, Fred R. Bailey, Howard Becker, Guy Bender, Walter Brockhouse, Roy Burris, S. J. Bronchial Irritations Need Creosote
For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on. Creosol with creosote and six other highly important medicinal elements, quickly and effectively stops coughs and colds that otherwise might lead to serious trouble. Creosol is powerful in the treatment of colds and coughs, yet it is absolutely harmless and is pleasant and easy to take. Your own druggist guarantees Creosol by refunding your money if you are not relieved after taking Creosol as directed. Beware the cough or cold that hangs on. Always keep Creosol on hand for instant use. (adv.)

ROUTT BEATS BARRETT; J. H. S. AND TIGERS LOSE

Routt Plays Carefully to Beat Barry 24-13; to Play Springfield Here Tonight

Playing careful basketball, and handling the ball much cleaner, Routt's Rockets today won their first important game with Springfield here tonight by defeating Barry 24-13 on the Liberty Hall court last night. The Rockets and Springfield will play on the Illinois School for the Deaf boards in two games tonight, the reserves meeting "Pete's Pups" in the opener at eight o'clock, and the varsity teams going into action at nine o'clock.

Taking no chances, and playing only for close shots, the Rockets drilled through the Barry defense with well timed passes to Clancy to run up the largest margin Routt has been able to get on this team in several years. Routt's defense, on the other hand, kept Barry backed up in the middle of the court, most of Barry's points coming as the result of long shots over the Rocket defense.

Clancy pushed in 14 points to lead the Rocket scoring, Genetos scoring six points to finish second. Ten Rockets broke into the line-up, five of them scoring. A. Burkhardt, guard, led the Barry tossing with five points.

Use Same Line-up Tonight
Coach Baptist said last night he probably would use the same line-up tonight that started last night's game. Schumm and Blasse forward, Clancy, center. Genetos and Burkhardt, guards. Springfield lost a Big Twelve game last night to Streater at Streater, 24-16.

WAR STATEMENT UNTRUE, CLAIM

Tokyo, Jan. 12.—(AP)—Navy office spokesman today cast doubt on the veracity of an interview attributed to Vice Admiral Nobumasa Suetsugu, the Commander of the Navy's combined fleets in the Gendia Magazine. The magazine quoted the admiral as saying Japan must prepare "and is preparing to defend itself against what appears to me to be America's policy of hostile encircling Japan by every possible means."

The spokesman said the matter would be investigated and observers recalled that at one time the admiral was placed on the navy wanted list for a short time as a penalty for indiscreet utterances after the London Naval Conference.

Instances of encirclement, the interview cited, were Col. Charles A. Lindbergh's leisurely flight along the Kuriles in the summer of 1931 and Harold Gatty's arduous attempt to fly the Pacific in 1930.

"I may be mistaken, but I think it is possible they were spying in those islands," the admiral was quoted as saying.

Three months ago, an American lieutenant hopped off from Japan on an alleged trans-Pacific attempt and turned back after flying we don't know where, I think the failure was purposeful."

(This reference obviously was the Bromley-Gatty attempt September 14, 1930.)

"Then Lindbergh stayed in the Kuriles over a week on excuse of bad weather. The length of his stay is grounds for suspicion."

"Today, Americans are surveying the Aleutian Islands on a great scale of cutting, airplanes and the telephone."

"I think this means an American policy to surround Japan with every possible means in the event of war before the clash of the main fleet."

The admiral referred to the resumption of Russo-American relations and the Soviet's "perfection of armaments in the far east, where they have stationed a strong army and a powerful air force."

"In the event of an emergency," he continued, "Russia will attack Japan through the air from three directions—north, west and south—while a powerful hostile fleet with a strong air force will attack from the Pacific."

The American Navy was not mentioned in this connection.

FLEES SCENE OF WRECK; ARRESTED

Chicago, Jan. 12.—(AP)—Police took Steve Pietrzyk, 44, into custody today and said he admitted being the other driver in the automobile accident a few hours before in which Sergeant James O'Neill, 59, of Joliet, Ill., an attaché of the Peoria station of the State Police, was seriously injured.

Pietrzyk was found in an injured condition and at the County hospital to which he was removed physicians said they believed his skull was fractured. He told police flight had led him to flee the scene of the crash.

Meanwhile, Sgt. O'Neill was in a critical condition at St. Sinai hospital. His skull was fractured physicians said.

The accident happened at the intersection of Roosevelt Road and Western avenue at O'Neill and Patrolmen Miles Donnan and Frank P. Porterfield were en route to the Cook county jail to pick up an officer who had delivered two prisoners to the jail.

Sgt. O'Neill was driving and his companions said the machine was almost across the intersection when they noticed the crash. When they did not turn over, O'Neill was slumped over the steering wheel unconscious.

TRIAL MOVES SLOWLY
Chicago, Jan. 12.—(AP)—The hunt for juries to try Alderman Oscar Nelson, Attorney Aaron Sapir, Dr. Benjamin Squires and their fellow defendants in the alleged dry cleaning racket moved along today without getting anywhere.

Eighty-four veniremen have been excused and only one panel of four jurors accepted in seven days. Chief Justice Philip J. Finnegan admonished state and defense counsel to "get going."

ROODHOUSE SPURTS TO NIP WHITE HALL

Roodhouse, Jan. 12.—(Special)—A fourth quarter spurt after coming from behind to tie the score at the end of the third period, gave Roodhouse a victory in its first Illinois Valley conference game here tonight 31 to 22. Roodhouse players tossed in 12 points during a fourth quarter finish, after the third period finished 19-11.

Roodhouse led at the end of the first half 6-5, but White Hall forged to the front at the end of the first half 13-10. Whitney, with 11 points, led the Roodhouse scoring, while Clark set the pace for White Hall. In the opening game, White Hall's seconds defeated Roodhouse 38 to 18.

Fighting Crimson Quintet Loses to Pittsfield 33 to 26

Pittsfield, Jan. 12.—(Special)—A fighting Jacksonville high school basketball team threw fear into the hearts of Pittsfield's stalwarts here tonight. Pittsfield rallying in the third quarter to win a 33 to 26 decision. Pittsfield's seconds won the opening game from the J. H. S. sophomore combination in a well played game 27 to 12.

Surprising the Pittsfield combination with a band of scrappers, Jacksonville held up on even terms with them through the first half, but couldn't match Pittsfield in height during the final half when the Pikers began an overhead attack.

Orr and Brant led the Pittsfield scoring, with nine and eight points respectively, while Davis and Cole set the pace for the Crimson shooters with seven and six points. Pittsfield used the same six players who have been doing most of the caging this year, while Ten Crimsons broke into the line-up, seven of them contributing to the scoring.

The Crimsons battled Pittsfield to a tie in the first quarter, which ended 7 all, and dropped back two points at the end of the first half, 17-15. Pittsfield tossed in ten points

"Babe" Ruth Signs Contract For 1934 With Yankees Altho Salary is Cut Below \$40,000

By Alan Gould
Associated Press Staff Editor.
New York, Jan. 12.—(AP)—Two months ahead of the usual schedule and minus all the customary fanfare associated with this momentous event, Babe Ruth and his baseball employer, the New York Yankees, today announced that Colonel Jacob Ruppert, came to terms today on the 40-year-old slugger's 1934 salary.

By mutual agreement they withheld the details, pending the actual ceremony of signing the contract next Monday morning in Ruppert's brewery, but it was learned that the compromise was reached at or close to \$35,000 after the shortest and most harmonious salary conference Babe and the Colonel have had in a dozen years.

The figure mentioned, which Ruth himself indicated was close to the mark, is the Babe's lowest salary since 1921, but still makes him the highest salaried performer in either major league. It is his third "cut" in as many years and represents a total of approximately 55 per cent in salary.

Philadelphia, Jan. 12.—(AP)—With King Levinsky signed to battle Max Schmeling at Chicago on February 18, Philadelphia promoters announced that Joe Jacobs, the German manager, has agreed that the former heavyweight champion would fight Steve Hamas in this city two days earlier.

Herman Taylor, of Taylor and Gunnis, said Charlie Harvey, manager of Hamas, had also accepted and the contract would be signed Monday.

Taylor said he completed arrangements in New York yesterday for a 12-round bout, with Schmeling to receive 35 per cent of the gate and Hamas 20 per cent.

The state athletic commission has not yet sanctioned a 12-round battle, but Commissioner Robert Nelson said he would be "quoted" as saying 12 rounds would be o. k.

Chicago, Jan. 12.—(AP)—Mrs. Lena Levy, sister-manager of King Levinsky, said she signed a contract and Chicago Stadium operating company officials today still entertained hopes of staging a bout between the Kingfish and Max Schmeling, former heavyweight champion, February 16.

Mrs. Levy agreed to take 25 per cent leaving 35 per cent for Schmeling. Nothing, however, had been heard from Joe Jacobs, the German manager, since he left Tulsa after failing to reach an agreement.

Philadelphia, Jan. 12.—(AP)—Undiscovered by his defeat in their first encounter, Ellsworth Vines attempts again tonight to conquer the world's professional tennis champion, William T. (Big Bill) Tilden.

While the crowd cannot match the 16,000 persons who turned out for the match in New York on Wednesday, the Philadelphia arena holds only 6,000 spectators—capacity attendance is expected. Society is making it almost as big an event as are sporting circles.

Paying Tilden unbought tribute for the way he played Wednesday Vines asserted that the 40-year-old master would have easily beaten either Fred Perry of England, or Jack Crawford, of Australia.

"When I met Tilden and found I could not attack all the time I was in a quandary," said the young Californian, "I thought I had faced some services, but the first ball was at me before I knew it and how it twisted!"

"I think eventually I'll find a way of coping with his attack."

Bruce Barnes, Texan, will meet Vincent Richards in the opening match. The Tilden-Vines contest will follow and after that Big Bill and Barnes will team against Vines and Richards in a doubles event.

Vines and his wife came to Philadelphia yesterday, as did Tilden.

Asked if Mrs. Vines plays tennis, the Californian retorted: "That's going to be the light of my existence! She doesn't know how to play and wants to learn. And I have to teach her!"

ILLINOIS COLLEGE TO PLAY INDIANA COLLEGE TONIGHT

Postpone Game With Shurtleff College Until Next March—Van Meter Will Take Eight Players to Calpariso U.

Illinois College's Blueboys, fresh from three consecutive Little 19 victories after dropping their first three conference starts, tonight will go to Valparaiso University, Valparaiso, Indiana for a basketball game. Athletic Director Van Meter announced last night. The scheduled game with Shurtleff last night was postponed until March in order to accept the invitation to play the Indiana quintet.

Van Meter will take eight players, Bunch, Miller, Bundy, Cochran, Lasiter, Winn, Pearce and Sarff, on the junket to Indiana. The Blueboy chief expects his team to get a lot of good points from the Indiana team, which has been going good this season.

New Berlin, Jan. 12.—(Special)—A stubborn Ashland team that wouldn't be beat tonight handed New Berlin a defeat 27 to 22, coming from behind early in the game to set up a lead that withstood a persistent Pretzel attack. R. Lynn and Knepler put on a scoring race for their respective teams, each finishing with 13 points.

Ashland reserves won the first game 28 to 15. The box score:

Murrayville Freshman Sets Wicked Scoring Pace to Win From I.S.D. Tigers 23 to 15

Led by a black headed and sharp shooting freshman named Brown, Murrayville tonight night defeated the Illinois School for the Deaf Tigers 23 to 15 in a fast and furious battle played on the Tiger court. Murrayville's reserves showed a streak of scoring punch to mark up a 39 to 20 victory over the I. S. D. 16's in a preliminary game.

Brown was all over the court, playing a bang-up defensive game along with his scoring rampage. "Coffin corner" shots were his specialty. He tossed in three shots from the most difficult angle of the court. Brown finished the evening with a total of 14 points, while his forward teammate, Woodward, pitched in seven points.

Woodward, another active and agile youngster, did what other guards have been trying to do for a long time. He bottled up "Bad-Boy" Cox, holding him to two field goals with as neat a piece of individual effort as has been seen here for some time. Cox seemed to be a bit off form, too, but Woodward kept him so busy during the evening that Cox had little opportunity to score.

Racing pell-mell from one of the court to the other, these two teams staged a race from start to finish, with Murrayville leading most of the way. Murrayville got a 5-4 advantage before the first period closed, and then Brown went into action. He tossed in three straight field goals and a free throw to score all of the Shadow points in the second quarter, when they put up a 12-6 margin.

Brown also scored all of the Shadow points in the third quarter, two buckets and free throw, while they were getting out in front 17-8. The Tigers were not able to do much about it either, although they drove hard and fast into scoring territory. Murrayville's defense simply cuffed everything anywhere near the goal, and the long shots of the Tigers rattled uselessly against the backboard.

The Tigers rallied in the final quarter, but they couldn't overcome the handicap Murrayville had set up.

The Tigers will go to Peoria tonight to meet Spaulding. I. S. D. won from Spaulding last week on the local court.

BASEBALL IS IN BETTER SHAPE, IS IN PRO SECRET GRIDIRON DRILL

By Brian Bell,
Associated Press Staff Writer.
Los Angeles, Jan. 12.—(AP)—A mildly inquisitive football fan has discovered just what a good football does when it holds secret practice. It plays football.

The Chicago Bears, professional champions of all they survey in the football world, were practicing at the Wrigley Field for a game in Los Angeles Sunday against some pretty tough boys—a lot of Pinketts, Drury's, Shipkeys, Rosenbergs, Musicks and others just as good.

The Bears were locked in the basement park but an official of the pro team knew the password and three or four spectators crowded into seating space sufficient for 25,000.

The Bears were warming up in left field and managing to get pretty heated in the process. They were big, beefy, and Bronko Nagurski, scaling a mere 216, seemed about average as football players go and a little fellow when he happened to line up in the huddle between George Musso, 265, and Link Lyman, 256. Red Grange seemed to have shrunk since his last year and a commoner was passing on to George Halas, coach, manager and lead-off man for the Bears.

"Red's a little fellow."

"Yeah, only about 175, the smallest player we have. Still the old boy can go and if we can shake him loose he will be hard to stop. He can slip away from the tacklers as well as he can be ever could. Legs not so good now, of course, but he's hot stuff for 10 minutes in any game, any time."

Wheat closed firm at same reaction for the day's top 14 1/2 above yesterday's finish, corn unchanged to 1 higher, oats 1-1/2 up, and provisions varying from 15 cents decline to a rise of 12 cents.

Contributing to enlarged purchases of wheat and to the upward momentum of prices was the fact that national export of grain exchange code which has long been hanging fire was today expected shortly. Upturns of wheat were in the face of exertions by some trade authorities that any talk of a war possibility involving the United States should be considered bestial and that such a contingency meant likelihood of enemy efforts to close United States ports.

Numerous wheat traders were apparently disinclined to emphasize a market influence the Japanese admirals' reported expressions, and were more disposed to stress persistent absence of moisture in wheat territory southwest, as well as continued scantiness of wheat arrivals at domestic primary centers. Much notice was taken of an estimate by a Chicago trade authority that the world carryover of wheat on July 1 next would be 529,000,000 bushels compared with 747,000,000 bushels the corresponding time last year. For the United States, the carryover was estimated at 185,000,000 bushels—200,000,000 less than last year.

A pre-country meeting of ministers and members of Disciple Churches of Morgan, Scott and Cass Counties will be held at Jacksonville Christian church Sunday Jan. 21. The meeting will begin at 1:15 P. M. with a pot-luck dinner and will continue as a conference and discussion group, discussing matters of importance regarding our churches. The conference will close at 4:00 P. M. Dr. H. H. Peters, State Secy., will preside.

The Ladies Aid will hold an all-day meeting at the parsonage next Wednesday.

Our monthly Family Night Service will be held Friday evening. Pot-luck supper at 6:30 and informal entertainment following. Everyone in the community invited.

Lester R. Gerber, Pastor.

Salem Evangelical Lutheran Church—South East Street at Beecher Ave. J. G. Kuppler, pastor. Second Sunday after Epiphany. Sunday school at 9:30 a. m. Public worship at 10:30 a. m. and 7:30 p. m. In the morning the pastor's sermon theme will be "Personal Missionwork." In the evening it will be "A Happy Marriage." If you have no church home, try the Lutheran church. Everybody is welcome.

The Senior Walther League will meet Thursday evening at the home of J. G. Tompkins. The Juniors will meet in the church basement. The choir will meet Tuesday evening; the Junior Choir on Sunday morning before Sunday school. On Sunday morning the newly elected elders will be installed.

Church of the Nazarene—Corner of Franklin and South Main. W. E. Allison, pastor. The first services of the year were well attended. There has been a marked improvement in all the departments of the church in the past six months, but the greatest growth has been in the Sunday school. The school board met last week and made some plans for the coming year, one of the plans which we think will mean much to the church and to the school was to start a bus route and furnish a way for many in the out edge of the city to get to the church that could not come otherwise. The bus will leave the bus station corner Prairie and Reid streets at 9:12 a. m., precede north to Independence, second stop 9:15, third stop Diamond and Walnut, 9:17; fourth, Fayette and Walnut 9:19; fifth 900 Doolin avenue 9:21; sixth, Clay and Independence 9:23; seventh, Independence and Allen 9:25; eighth, Allen and Walnut 9:28; ninth, Hooker and Lafayette, 9:29; 10th, 1223 Center avenue, 9:31; 11th, Johnson and East State, 9:33; 12th, Spaulding and College 9:34; 13th, Lorton and Beecher, 9:37. Last stop will be at Beecher and Sharp streets at 9:38. This will give the bus time to get to the church before service start at 9:45. This ride is free to anyone desiring to come to our services. Be sure to be at the bus stops on time as it will be impossible to wait at any one stop. There will be a man ride the bus to help the children on and off. The bus will leave the church promptly at 12 o'clock for the return trip. Plans are being made to start a bus in the south part of the city in the next few Sundays. A cordial invitation is extended to the public to attend these services.

9:45 Sunday school. C. E. Clampt, supt. There will be a special musical duet by Mrs. Clampt and Dale Rose at this service.

10:45 Morning worship sermon. Subject: The Fruit Bearing Christian. 7:30 will be the first of the series of the messages on the second coming of our Lord. Come, bring your Bibles and your note book. If you are interested in this great subject be sure to be there Sunday night as this message will be moved to lay the foundation for the following messages.

Wednesday 7:50 Rev. and Mrs. G. D. Urshell, singers and preachers of Olivet, Ill., will be with us for the one service. Many will remember them as they were here in a tent meeting two years ago.

Special schedule for Sunday: At 9:30, the Sunday School blower and better than ever. At 10:30, the installation of the few officers and teachers-elect who were absent last Sabbath. At 10:45, the girls choir will appear in their new vestments and furnish the special music for the service. The preacher will use for his sermon theme, "Present-Day Hardships." At 6:30 p. m. an attractive Epworth League session will be held. At 7:50 the unusual will happen. The pastor has given the first forty-five minutes of the worship hour for the women to use as they see fit. Only two things will the men be permitted to do—listen to the women and put something on the collection plates. At the conclusion of the program by the women the pastor will deliver a fifteen-minute sermon using as his theme, "That Woman."

Special notice. The first of the series of fellowship suppers and uplift programs of the season will be given Wednesday evening, Jan. 17, at 6:30 and 7:30.

Keep in mind that the men of the church will have charge of church affairs on Sunday evening, Jan. 21. Women will be restricted from having any part in the service whatever excepting to listen and give.

Winchester Church Notes—Baptist church: Bible school 9:30. A fine start for the New Year. Let's keep going. Morning worship 10:30. "The New World." We are to have the B. Y. P. U. as our guests Sunday evening. B. Y. P. U. 6:15. A veritable meeting last Sunday night and we are sure next Sunday night will be equally as good. Evening service at seven o'clock. This will be a union service at the Methodist church, with the Men's Brotherhood. Rev. J. Melvin will bring the sermon. Prayer meeting Wednesday evening at 7:30.

Missionary meeting will be held with Miss Bertha Miter, Jan. 14th. Every member is urged to attend; meeting will begin at two p. m. F. V. Wright, minister.

St. Mark's church: Sunday school 9:30 a. m. We had a fine start for the New Year. If you were not present may we see you Sunday Morning worship 10:30 o'clock. Sermon by the pastor. Music by the vested choir. Epworth League 6:00 p. m. Blanche Martin, leader.

Union evening service here. This is the monthly brotherhood meeting. Subject of sermon, "What Can a Just Man Do?"

We are planning for our centennial celebration the first two weeks of March. Write old friends and members. Bishop Ernest Linn Waldorf will be present March 14th.

Christian church: Bible school 9:30. Classes for all Communion service 10:30. Missionary society meets at the home of Mrs. Robert Evans at 2 p. m. Thursday, January 18th. Don't forget Seth Parker is coming to town.

This entertainment is being sponsored by the Woman's Missionary society and a large crowd is expected. Don't miss it.

St. Mark's church: Mass Sunday 9 a. m. The ladies of St. Mark's parish will have their next party on Thursday evening, January 18th in the parish hall. Refreshments will be served. Sponsoring the party are Mesdames F. Walker, Edward Moore, Joe Hogan, Jones, Rachner, Ransom, Franklin, John Taylor, and Misses Terrance Moore, Frances Dolan and Catherine Hoover.

Church of God: Sunday Bible school 9:45 a. m. Lesson theme, Jan. 14th: "Baptism and Temptations of Jesus." The baptism of Christ showed to the world his renunciation of sin, and an open stand on the side of righteousness. Pray for the Wednesday evening at 7:30 o'clock. Let the lower lights be burning; send a gleam across the water, some poor struggling, fainting seamen, you may rescue, you may save. Everybody welcome to our worship meetings. Rachel Merle Vanzant.

Roodhouse Church Notes—Our people completed a worthwhile schedule last week, including the activities of the Epworth and a schedule is planned that will keep many of us in action this week in connection with the regular routine work of the church.

This is our schedule for the week. Monday evening meeting of committees to plan for our special meetings on Tuesday and Wednesday. The women of the church, Tuesday, "Great gathering of the Good Will Circle ladies at the parsonage in the afternoon. Wednesday afternoon, the Ladies Aid Sewing Circle's party in the basement of the church and the farmers of the community holding a picnic in the church annex. Wednesday night, a very interesting means much to the church. Thursday afternoon at 4:00, the girls' choir rehearsing for next Sunday morning; and the senior choir in regular rehearsal Thursday evening at 7:30. Thursday afternoon at 2:30, the W. P. M. S. held their regular session for the month at the parsonage. Friday and Saturday, we all make special efforts to get folks interested in the Sabbath Day activities.

Takes Local Paper at Least 59 Years

J. M. Criswell, 80, the only surviving civil war veteran of Waverly, called at the Journal-Courier office Friday to find out how long he has been taking the Journal. He has resided at his farm home two miles west of Waverly in the Appaloosa community for 59 years, and says he has been taking the paper that long anyway. He was a Journal subscriber when it was published as a weekly, and his father, George Criswell, was a subscriber to the Morgan Journal. Mr. Criswell is hearty and active, and has a keen memory for the stirring days of the Civil War. In 1863 he enlisted in Battery K, Second Illinois Artillery, composed mainly of Jacksonville and Morgan county men. He served the remaining two years of the war.

Mr. Criswell is the only surviving member of Col. John Ross post, G. A. R., of Waverly. The post, he said, was named for Col. Ross, who was killed in the battle of Shiloh.

MAKE OVERTURES
Washington, Jan. 12.—(AP)—Overtures have been made to the United States for a preliminary world sugar conference and President Roosevelt has replied he would be glad to have this country participate.

The suggestion is simply for an informal meeting of the principal sugar producing nations to talk things over and see if a successful world sugar conference is possible.

Build Vault Room for County Files

A new CWA project, the reconditioning of a large room in the basement of the court house and its conversion into a fireproof vault for the storage of records, was started Friday. The first task of the workmen was to remove the bricks from the floor. These are being thrown out an east window of the basement, but after the work reaches a certain stage the windows will be sealed over.

The room that is to be converted into a record vault is located directly under the office of County Clerk F. W. Brockhouse. Plans call for construction of a stairway leading from the clerk's office to the basement. This will add much to the convenience of the new arrangement, as the only entrance to the basement at present is by the main stairway to the north.

The old brick floor will be replaced by concrete. Shelves and files will be installed for the mass of old records that must be preserved. The work of working over the room is expected to require several weeks.

Another work project also got under way Friday at the Morgan county farm, where the buildings will be thoroughly gone over and painted.

PWA FUNDS OFFER FARM COMMUNITY A MEETING PLACE

Urbana, Ill., Jan. 12.—Many rural communities of Illinois now have a chance to overcome one of their worst drawbacks—the lack of a community meeting place—by getting through a CWA or PWA project for the building of a community center, it is pointed out by D. E. Lindstrom, associate in rural sociology at the College of Agriculture, University of Illinois.

More than 400 community groups have been organized throughout the state during recent years by the extension service of the agricultural college, and there are scores of other groups that have been in existence for years, he said. Lack of a good community meeting place where such groups can have their social and educational programs is one of the real barriers in rural advancement, he believes. Many groups have solved the problem temporarily by meeting in farmers' homes, in churches, school buildings, town halls and privately owned club halls. The cost involved has prevented many of these groups from having such a building for their own use.

"For the first time an opportunity for having such a building is opened up to rural communities through the provisions of the PWA and the CWA. Any rural community can submit a project for community building improvement, community building construction or park improvement."

"Although the opportunity to submit projects to the CWA is temporarily closed, projects of this nature are still received by the Public Works Administration. Negotiations on these matters should be directed to the county Civil Works Administration of the particular county. The extension service of the agricultural college has assisted several rural communities with their community building projects."

"The CWA or PWA will pay all of the labor and one-half the cost of the materials up to one-third of the cost of the labor. In no case should the materials cost more than half the estimated cost of the project. Any savings in the cost over the estimate must be returned to the CWA."

"A number of rural communities already have made plans to provide their community with an improved park or community building by submitting such projects. In one farming community of Clark county the vote was three to one in favor of submitting such a project, improving the parks, building a community house and even providing a swimming pool."

HEMBROUGH FUNERAL AT ASBURY CHURCH

Brief services for William A. Hembrough were conducted at 1:30 o'clock Friday afternoon at the residence here, after which the cortege went to the Asbury M. E. church, southeast of the city where more extended rites were held at 2 o'clock. Rev. Madden was the officiating minister. Interment was made in Asbury cemetery.

Music at the funeral was given by Fred Masters, soloist, and Miss Elizabeth Hembrough, accompanist.

The floral tributes were by Mildred Reynolds, Virginia Reynolds, Minnie Hembrough, Ruth Hembrough, Lillian Clark and Georgia Carter.

Casket bearers were Raymond Reynolds, W. T. Hembrough, Earl Hembrough, Frank Hembrough, Harry Hembrough, and John W. Hembrough.

LARGE ATTENDANCE AT EATON FUNERAL

Services for Kenneth Eaton, well known Jacksonville young man, were held Friday morning at 8:30 o'clock at the Church of Our Saviour. There was a large attendance of friends and relatives from Jacksonville, Beards-town and other cities.

Solemn, requiem high mass was celebrated with Rev. Dean F. E. Forness as celebrant. Rev. Frank Lawley, deacon, and Rev. Ingum, sub-deacon. The many floral tributes were cared for by Dorothy Ling, Mrs. William Dedman, Helen Magill, Chloe Bond, Mrs. John Thomas and Mrs. Lohman Wagner.

Casket bearers were William Dedman, Leo W. White, Edward Henry, James Costello, Robert McGinnis and Ray Shanley.

The remains were taken to Beards-town for interment in Oak Grove cemetery, services at the grave being conducted by Rev. Father Lawler and Rev. Father Ahern of Beards-town.

Edward Kunzeman of Aremville spent Friday in Jacksonville visiting with friends.

Married Flirts

BEGIN HERE TODAY

GYPSY MORELL and TOM WEAVER are married the same day as LILA BOTALING and DEREK BLISS. Lila expects to live in luxury, but Gypsy intends to keep her job, teaching in a settlement house.

The first night Gypsy and Tom spend in their New York apartment, VERA GRAY, an old friend of Tom's, telephones. Tom asks her to luncheon to meet Gypsy, but Gypsy can't leave her work. Later Vera calls and the two girls dislike each other.

NOW GO ON WITH THE STORY

CHAPTER VIII

THE evening, on the whole, was far from being a success for Gypsy. She tried flirting mildly with Marko, just to make Tom angry. But it was a thankless business. She didn't really want to quarrel with Tom. The very thought of it turned her just a little sick. They had been so happy. What serpent had entered, so suddenly, into their little Eden?

It was one o'clock. It was two. It was three. And the music went on and the smoke gathered in clouds and the glasses were filled and emptied, filled and emptied again. Her head began to ache and her spirits sagged. Looking from one face to another, she wondered idly how they stood it, night after night. Why, she was only 22, strong, almost without nerves, and yet she tired of it quickly. Marko, who made the social rounds so briskly, was 50, and his skin was stretched tight around his eyes, he seemed untiring. He must have unexpected stores of strength to draw upon. Marko, reflected Gypsy, was rather wonderful!

At three-ten (and how Gypsy blessed her for it!) young Mrs. Whitford said they must go. There was something about an early start on the morrow. Hot Springs. The party began to disintegrate.

Gypsy's own farewells to her hostesses were the hollowest of polite lies. She hadn't enjoyed herself at all. She was tired to death, she was almost ill with annoyance at Tom and jealousy of Hilda Blanchard, she was a little ashamed of herself for her mild flirtation with Marko.

And yet she said all the correct things. Lila must come to lunch with her downtown—soon. Oh, she meant that, all right. Lila was sweet, she was gay and interested, friendly.

Gypsy was almost speechless with fatigue when the taxi deposited them at their own door. Tom helped her out, without a word. Still silent, he unlocked the door and stood aside to let her into the dark apartment. Gypsy switched on the hall light, yawned, dropped her wrap into a chair. Then she hastily picked it up again. It was all very well for the idle daughters of the rich to behave so with their party clothes. As for her, she must take excellent care of the few she owned, because it would be a long time before she would be able to afford others.

When she came out of the bathroom, having scrubbed the heavy scent of tobacco smoke from her hands and face, wrapped in her woolly robe, Tom was already waiting. His own things were neat-

"I noticed," Gypsy said, "that Hilda Blanchard held on to you all evening!"

ly folded and laid across a chair back. Tom, she reflected, was that rare bird, a tidy husband. At least, from all she had heard, such creatures were rare. She gave him a brief inquiring glance and saw that he still wore the frown he'd adopted when he had left the others. Was Tom going to sulk? Oh, she hoped not. Gypsy, herself, could never harbor a grievance. She had been taught never to let the sun go down upon her anger.

As she brushed her hair, she could hear Tom's vigorous splashing. She let her glance rove around the little room and what she saw she inevitably contrasted with Lila's exotic boudoir. Involuntarily a sigh escaped her.

"Don't you feel well?" Tom was beside her.

"Just tired."

He threw back the covers on his own bed. "Good night," he said, very formally. He kissed her coolly on the cheek. Gypsy wanted to cry out, to say something angry and hurtful about Hilda Blanchard and the way he had devoted himself to her all evening. But she was actually too weary to quarrel, at least for the moment.

She sat down and cried. She couldn't help it. Well, she had no time for this. A business woman didn't. She'd have to hurry. Bath. Cold cream. Dash of lipstick. Heavens, she looked a wreck! What circles she had under her eyes!

Well, there was no help for it. Maybe the circles made her look pale and interesting. She hoped so. She lost herself, as she rushed into her dark blue knitted dress, in a dream of intense dramatic interest. In the dream, she wasted away to nothing and her husband looked on, wringing his hands and begging to be forgiven.

On the subway she read her morning paper. It seemed to her there were more than the usual number of divorce stories, although goodness knew there were always enough of them. She read them with newly sharpened interest. Mr. B... of Riverside Drive was marrying his beautiful secretary as soon as his Reno stay was over. Mrs. W... of Yonkers was getting her decree and shortly thereafter marrying a Slavic nobleman, after marrying a Slavic nobleman. Didn't anybody stay married nowadays? She had never thought of divorce, before this, in connection

Raise Big Drag Line from River Near Meredosia

Curt Logsdon, well known Beards-town river man, and his crew of workmen have completed a two-day job of raising a large drag-line which sunk in the Illinois river near Wilson Island, 1 mile above Meredosia, after tipping off a barge on which it was being transported up stream from a construction site of the Nelson Construction Company of Jerseyville.

The big drag line had been loaded onto a barge and was being taken upstream by a towing firm, when a high wind caused the boom of the drag to swing sideways. As the boom swung around the big drag-line tipped and then toppled off the barge into the channel, sinking into the deep water.

Mr. Logsdon was then called to raise the drag-line, which was a great hindrance to navigation, having sunk in midstream.

A government diver was called and when work was started Sunday was sent down to fasten cables around the drag-line. He did this and the huge piece of machinery was then hoisted off the river bottom and towed to Meredosia, where it will be loaded onto another barge.

Waterway authorities have been notified that the drag-line has been hoisted, and bulletins have been sent out informing Illinois river pilots and towing firms.

The Logsdon Company in December completed a four weeks job at Florence and Hardin where piling were driven for the construction of pier-protections at the Florence and Hardin bridges.

with Tom and herself. But her thoughts were morbid this morning.

"Nonsense. Nothing has happened," she told herself, robustly. "Why, haven't even had a cross word?" No, but she had discovered how angry she could be with Tom. Why, last night when Hilda Blanchard had been so possessive with him, she had wanted to claw her eyes out—and Tom's too, for being such a goose.

Jealousy, Gypsy decided, was a dreadful thing. It was so unreasoning, it was such a bitter, black emotion. It was like a disease. She had had a taste of it, before, when Tom had taken Vera Gray to lunch. She had told herself, when that incident had blown over, that nothing like this would ever happen to her again. She would be calm, judicious, she would use her head instead of her heart.

BUT apparently Tom was the sort of man women ran after. She looked gloomily down a vista in which she rescued him from dozens of affairs. "I can't stand it!" she told herself, in despair. "I won't."

That evening, when Dinah had cleared away and was clattering happily in the kitchen, dropping aluminum saucers with vigor and slamming spoons down upon the metal topped table, the Weavers "had it out."

It all began quietly. Gypsy started it with a remark about Marko. Tom said something cutting, and she flung back at him, all her good resolutions gone.

Russel, M.F. Dunlap Are Re-Indicted by Federal Court Jury

Springfield, Ill., Jan. 12.—(AP)—Andrew Russel, former state auditor and state treasurer, and Millard F. Dunlap, former president of the defunct Ayers National Bank of Jacksonville, were re-indicted today on 12 counts charging misapplication of federal bank funds and conspiracy by a federal grand jury.

Previous indictments against the two men were dismissed on technical grounds although Dunlap and William G. Goebel, cashier of the bank, were convicted under another set of indictments for making false entries in the bank's books in a conspiracy to deceive examiners.

STUDIES OF TAX PLAN PRESENTED TO WOMEN VOTERS

A. D. McLarty is Speaker At
County League of Voters
Here Friday

A. D. McLarty, secretary of the Illinois Municipal League, addressed the Morgan County League of Women Voters Friday afternoon in the Social Room at MacMurray College. Under his subject, "Proposed Constitutional Changes as they would affect Municipalities," Mr. McLarty discussed the public revenue and changes which might possibly be made in the assessment of taxation upon the producers and the holders of wealth in the State.

The state has recently abolished its own tax on real estate by the substitution of the sales tax, said Mr. McLarty. By a properly devised modern system of taxation, it may be possible ultimately to eliminate the general property tax altogether. Some other possible sources of revenue are income taxes, inheritance taxes, sales taxes, gas taxes, motor vehicle license fees, public utility taxes, other business and occupational taxes. The services of municipal government are many times more valuable to the communities than the cost thereof. But real estate is paying more than its fair share of the cost of local government and not all citizens who should be are paying their fair share of taxation. Local governments, to carry on, must either have the power to raise the necessary revenues locally, or they must receive the money from federal—or state—collected revenues. And for local taxation the burden should be shifted if we are to keep the taxing system up-to-date in a growing industrial state.

In a new constitution it might be better to give to the General Assembly a general grant of power to enact revenue laws. Thirty-one of the 48 states have such a provision. The history of our state in the matter of amending the constitution shows a failure of these measures when they were submitted to popular vote because not a sufficient number of the voters voted either way on the amendment. Of the number who did vote on it, a majority favored the amendment, but its passage required the approval of a majority of the whole number of persons voting in the election.

Mayor W. A. Wainwright was in the audience and had been invited to give the local situation. He very definitely stated the sources and amounts of revenue of the city and outlined the budget for 1934, showing the provision for each of the city services and a total approximating \$237,000. Following the meeting an interested citizen called attention to the fact that on December 1, 1933, the city had no money in bank and \$75,000 outstanding in anticipation warrants for current expenses; on December 1, 1933, the city had approximately \$7,000 cash in bank and no outstanding anticipation warrants for current expenses.

At the meeting, president of the League, presided at the meeting. It was adjourned to continue the discussion at tea with the Social Committee.

**BALDWIN WILL BE
FILED FOR PROBATE**

Relatives of the late Stanisfield Baldwin are named in the decedent's will made a matter of record in the office of County Clerk F. W. Brockhouse yesterday. The will bears date of November 19, 1927, and was witnessed by Charles H. Joy, F. E. Wamaker and L. O. Vaughn.

To his widow, Mrs. Lillian Baldwin, the testator bequeathed household goods, etc., and a life interest in part of lot 6 in Capps and Lamoreaux addition to Jacksonville. A Mrs. Baldwin's death the property is to be sold by the executor of the will, William Baldwin, and the proceeds divided among six children. The remainder of the property is to be held by the executor in trust, who is directed to sell it and divide it between the widow and the children. Mrs. Mildred Crouse is complainant in a suit for divorce filed yesterday against her husband, Leslie R. Crouse. According to the complaint the couple were married on November 22, 1924, and resided together until November 15, 1933. A statutory offense and habitual drunkenness are alleged.

The complainant's attorneys are Vaughn, Foreman & Cleary.

Earl Myers of Literary spent Friday here transacting business.

FORMER PATIENT AT HOSPITAL HERE SEEKS DAMAGES

Wisconsin Man Files Suit
Against Hancock County
Officers

Springfield, Ill., Jan. 12.—(AP)—United States District Judge Charles Briggie instructed a jury today to return a verdict against James N. Snider, Madison, Wis., in the trial of his \$25,000 damage suit against Hancock County, Ill., officials.

Snider claimed in his petition that the defendant officials had falsely imprisoned him in the State Hospital for the Insane at Jacksonville, Ill.

Court costs were assessed Snider by the judge.

Springfield, Ill., Jan. 12.—(AP)—James H. Snider of Madison, Wis., is seeking \$25,000 in damages from former officials of Hancock County, Ill., for alleged false arrest and imprisonment in a state hospital for the insane at Jacksonville, Ill., in a suit which is being heard by a U. S. district court jury here.

Snider claims he was arrested at Keokuk, Ia., on Feb. 28, 1930, brought to Illinois and sent to the Jacksonville state hospital. He escaped from the hospital after ten months incarceration and went to Madison to reside, he said.

The suit is directed against three former Hancock county officials—H. H. Williams, J. E. Brown and P. W. Huston who were state's attorneys, sheriff, and deputy sheriff, respectively, at the time of his incarceration. Snider formerly lived in Hancock county at Bowen.

In opening statements to the jury, made today, Snider's attorney, George F. Lange of Madison, said the plaintiff was falsely arrested by Huston at Keokuk, brought to Hancock county, and ordered committed. Because of his incarceration in the state hospital, Lange said, Snider's wife left him and he was deprived of the use of his property in Illinois.

The defense indicated it would seek to prove that Snider was legally removed from Iowa to Illinois and that he was insane for some time prior to the hearing at which he was ordered committed, and that he was insane following his incarceration.

Chief Justice Warren Orr of the Illinois supreme court was county judge of Hancock county at the time Snider was ordered committed to the state hospital.

No. 1—Check for \$75 drawn to himself, "Russel." At the time, it is alleged he had \$3.03 in the bank.

No. 2—Check for \$66.25. At the time it is alleged Russel had 97 cents in the bank.

No. 3—Check for \$463.08 drawn to the Northwestern Mutual Life Insurance company. It is alleged that Russel had \$12 on deposit at the time the check was drawn.

No. 4—\$32.60 drawn to Illinois Telephone company. It is alleged that Russel had \$12 on deposit at the time the check was drawn.

No. 5—Check for \$22.50 to Illinois Power & Light corporation. At the time Russel is alleged to have had \$4.33 in the bank.

No. 6—Check for \$287.50 drawn to Diamond Grove Cemetery. It is alleged Russel's deposit in the bank at that time was \$2.

No. 7—Check for \$200, negotiated to Grant L. Hughes. At that time Russel is alleged to have had \$4.33 in the bank.

No. 8—Check drawn for \$150, with an alleged deposit of \$1.93.

No. 9—Check for \$361.36 to Fletcher J. Blackburn. At the time it is alleged Russel owed the bank \$10,000 and was insolvent.

No. 10—Check for \$463.08 drawn to Northwestern Mutual Life Insurance company. It is alleged that at the time Russel owed the bank \$10,000 and was known to be insolvent.

No. 11—Check for \$287.50 to Diamond Grove Cemetery.

No. 12—Alleges that Dunlap and Russel conspired, combined and confederated to commit divers offenses with persons unknown to the grand jury, and that Dunlap granted unlimited credit to Russel. It is alleged that these offenses occurred between July 3, 1930, and Nov. 19, 1932. It is further alleged that all other checks were drawn within six months preceding the closing of the bank.

Other Indictments. Returned indictments returned included: Internal revenue law violations: Paul L. Rogers, Springfield; Joe Dono, Thomas Messina, Madison; Moore "Black" Arms, Collinsville; George Benz, Mills; George Georges, Jess Hoener, Sidney Vosse, August Hermsdorfer and Henry Michelman, all of Quincy; Frank Combelli and Ervin Geiger, Madison county.

Dyer act violations: Lawrence Thompson and Robert H. H. Herold, Toledo, Ohio.

Stealing and secreting mail matter: David Smith and William Starks, Decatur.

Embezzling funds of ward, a minor: Kate M. Allen, Springfield.

Counterfeiting: Victor L. Blodgett, Hillsboro.

Violation of postal laws (mailing extortion letter): Lawrence M. Guile, Peoria; (robbery of U. S. postoffice): Raymond Marvon, Harrisstown, Madison county.

Bartering narcotic prescriptions: Haze Mrs. Mrs. Perry Myers, LaHarre, Hancock county.

Previous indictment charging Dunlap and Russel with misapplication of funds were thrown out of court just prior to the sentencing of Dunlap in Federal Court November 6, 1933. The indictment charged that a bank check for \$75, alleged to have been given by Russel in Chicago, and cashed thru a St. Louis bank, was paid out of the funds of the bank, although Russel was not entitled to draw on the bank. In ruling on the indictment Judge Charles Briggie stated that the fact that the bank paid the amount of the check was sufficient to prove that the allegations of the indictment were true, but he held that it was not sufficient evidence to show that the parties involved intended to pay back to the bank the amount in indictment could not stand because the allegations had not charged either of the parties involved with acting as an officer of the bank.

At the time the indictments against Dunlap and Russel were quashed it was indicated that the federal grand jury would be recalled to investigate charges against the two former bank officials. The returning of indictments yesterday was the result of this action.

BIRTHS
